- Who is H.D.P?
- Main activities in Rwanda
- Expected results
- Stakeholders and Partners

H.D.P

Who is H.D.P?

- Health, Development and Performance
- Non profit organization; founded in 2006 by ex Cordaid Rwanda national staff
- Has four operational units:
 - Training centre : PBF, community participation, community based health insurance, etc
 - Health centre : a model of quality service delivery
 - Implementation of projects: PBF; client satisfaction, CBHI; etc
 - Consultancy and research: PBF, CBHI

H.D.P

Main activities of HDP in the multi country project

- Create and run the PBF network secretariat with all its components such as web site, library, organizing periodic meetings, exchange visit and knowledge, study tours, translation of PBF docs, etc.
- Action research on the harmonization of PBF and CBHI mechanisms
- Reinforce the capacity of local based association to represent the population voice
- Carry out researches: influence of PBF on HR; PBF and CBHI mechanisms
- Participate in PBF evaluations in the countries PBF network

Expected results.

- The PBF network secretariat is functioning properly and established in Rwanda; integrated as an operational unit within HDP
- A pilot in place with CBHI as a fund holder is running
- Results of two studies (PBF influence on HR and PBF&CBHI mechanisms) are published
- PBF Trainings are organized in different countries of the network
- Local based organizations are able to represent the client voice with objective argument

H.D.P
